

MEMO

TO: CCLS Clients
FROM: CCLS – Specimen Referral Center
DATE: July 19, 2022
SUBJECT: Phospholipase A2 Receptor Antibodies, Serum

Effective, August 16, Mayo will be making changes to the following test:

Phospholipase A2 Receptor Antibodies, Serum, MAYO CODE PLA2R (LAB1358)

Explanation:

PLA2R will be replaced with ***PMND1(Primary Membranous Nephropathy Diagnostic Cascade, S***, a cascade approach to the diagnosis of Primary Membranous Nephropathy (PMN).

Testing algorithm will be:

- The phospholipase A2 receptor (PLA2R) enzyme-linked immunosorbent assay is initially performed.
- If the PLA2R ELISA result is less than 20, then the PLA2R immunofluorescence testing will be performed.
- If the PLA2R immunofluorescence result is negative, thrombospondin type-1 domain-containing 7A (THSD7A) antibody testing will be performed.

Please feel free to contact the Specimen Referrals Center with any questions at 320-251-2700 Ext. 57320
